The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi-automatic electric drive brings the mobile photovoltaic ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short installation time saved us weeks of downtime.

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi ...

For your CO<sub>2</sub>-neutral construction site of the future - clean energy for your containers. The plug & play photovoltaic system can be mounted quickly and easily on every container.

For your CO<sub>2</sub>-neutral construction site of the future - clean energy for your containers. The plug & play photovoltaic system can be mounted quickly ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

Solarfold allows you to generate electricity where it's needed, and where it pays to do so. The innovative and mobile solar container contains 196 PV modules with a maximum nominal ...
