In the video below, I explain the rooftop solar potential of big box stores and warehouses. Today, there are hundreds of thousands of acres of existing surfaces that could ...

Our team of experts designs, installs and optimizes photovoltaic systems that make the most of the sun's energy to meet the energy needs of large ...

Explore the integration of solar technology in shopping mall architecture. Learn how solar-powered designs enhance sustainability, reduce energy consumption, and harmonize ...

Solar Growth Among Big-Box Retailers and Shopping Mall Owners
Economic, Social and Environmental Returns
Solar on Every Shopping Mall in America?"I'd love to see solar on the roof of every shopping mall in America, but it can't stop there. From shopping malls to office buildings to single-family and multi-family homes, if we're going to have any chance at mitigating the harmful impacts of climate change, we're going to need to see a significant acceleration in the deployment of renewable en...

.sb_doct_txt{color:#82c7ff}inmab [PDF]Distributed photovoltaic energy storage in shopping malls
Shopping malls and similar venues present attractive, big-time opportunities as potential sites for grid-connected solar power, energy storage and intelligent, highly energy-efficient facilities ...

Discover how shopping centers integrate solar energy and photovoltaic systems to save money and be sustainable. See the most innovative examples!

A photovoltaic energy storage system quietly humming on the rooftop. This isn't sci-fi; it's today's reality for smart retail spaces adopting solar+storage solutions.

Our team of experts designs, installs and optimizes photovoltaic systems that make the most of the sun's energy to meet the energy needs of large commercial complexes.
