Power your energy storage solutions with the ultra-high-capacity EVE ...

Lightweight, durable design with 2000+ cycles. Built-in BMS ensures safety against overcharge, over-discharge, and short circuits. Eco-friendly, maintenance-free, and lead-free. ...

Discover the benefits of our popular lithium iron phosphate battery pack featuring exceptional safety, 5000+ cycle life, rapid charging, and 95% efficiency for solar, RV, marine, and backup ...

Power your energy storage solutions with the ultra-high-capacity EVE LF304 LiFePO4 Battery! ??.

HIMAX ELECTRONICS is a professional manufacturer of LiFePO4 (Lithium Iron Phosphate) batteries. We are dedicated to provide safe, long-life, and customizable battery solutions for ...

Smart BMS with Active Passive Balance technology ensures that individual cells within the pack remain balanced, optimizing overall performance and extending the lifespan of the battery.

Source top-tier lithium iron phosphate solutions from an industry-leading manufacturer. Our A-grade LiFePO4 cells and custom battery packs meet strict international certifications (UN38.3, ...

Our LiFePO4 battery packs deliver reliable, long-lasting power for applications like solar energy storage, electric vehicles, and portable devices. Built with lithium iron phosphate technology, ...
