Hoymiles, a global leader in photovoltaic (PV) and energy storage solutions, has officially opened its first overseas manufacturing facility in Monterrey, Nuevo Leon.

Mexico can unlock the full potential of energy storage solutions by fostering greater integration of renewable energy, supporting grid stability, and improving regulations related to battery storage.

The resort's commitment was realised with the commissioning of Huawei's first 4.5 MWh Battery Energy Storage System (BESS) installed at a hotel complex in Mexico.
