Have a question? We'd love to hear from you.

Discover the microMAX(TM) AC inverter duty motors by Marathon Electric--designed for superior performance, energy efficiency, and low maintenance.

Home Inverter Duty Motor Y360, 1/2 Hp, 1800 Rpm, 56C FR, 230/460 ...

Marathon MicroMiax 3-Phase Inverter Duty Motors are designed to be used in a variety of commercial and industrial applications and operate optimally with all leading brands of PWM ...

From compact industrial equipment to high-performance recreational vehicles, our Micro(TM) IPM motors deliver exceptional power density and efficiency in a small package. Explore their ...

Marathon Three Phase Totally Enclosed Inverter (Vector) Duty: microMAX(TM) 1000:1 Constant Torque (TENV), 20:1 Constant Torque (TEFC) motors are designed for direct replacement of ...

Built around a 128-Kbyte STM32G0 MCU and STL220N6F7 STripFET F7 Power MOSFETs, this compact board (50 mm ?) is ideal for applications requiring high output currents. Compatible ...
