The SolarFam 12V 30W rigid monocrystalline solar panel is the ideal choice for residential solar systems, RVs, caravans, or small-scale applications needing a reliable, efficient power source.

Coupled with our anodized aluminum VLS solar panel frame and our proven success of integrating quality components that work seamlessly, you can expect reliable service from our ...

Ideal for portable power, this 30W monocrystalline solar panel kit offers high efficiency and weatherproof durability for on-the-go energy. Ideal for maintaining 12V batteries in vehicles ...

Tough, lightweight aluminum frame, water-proof, corrosion-resistant, and immune to the harmful effects of UV rays, ensuring optimal performance over a very long lifetime.

30W High Efficiency - Monocrystalline cells for reliable 12V charging. Durable Build - Anti-reflective glass, aluminum frame, IP65 waterproof. Easy to Install - Pre-drilled holes & 12AWG ...

All-Weather IP67 Waterproof Design: Both solar panel and controller are IP67 waterproof, surviving heavy rain/snow/hail. The corrosion-resistant aluminum frame and ...

Ideal for portable power, this 30W ...

With full mounting hardware and cables included, this solar kit is easy to install even for inexperienced people. Pre-drilled holes on the back of the panels allow for fast mounting and ...
