We design and build container generator units, shipping container power units, and modular generator housing that meet the highest standards of safety and performance.

Discover how solar containers and shipping container solar kits are transforming off-grid power. Learn how mobile solar units provide clean, reliable, and flexible energy for ...

Ready to Transition Beyond Diesel? Discover the next generation of mobile, autonomous clean power. MOBISMART integrates solar, fuel cells, and batteries into hybrid systems that deliver ...

Discover how mobile solar containers deliver efficient, off-grid power with real-world data, innovations, and case studies like the LZY-MSC1 model.

Ready to Transition Beyond Diesel? Discover the next generation of mobile, autonomous clean power. MOBISMART integrates solar, fuel cells, and ...

From initial consultation to final build and beyond, we work closely with you to develop the most effective, reliable, and efficient mobile power generation system possible.

Integrating necessary power equipment such as transformers, switchgear, energy storage units and control modules into a transportable compact container, it can quickly and ...

A Containerized MRPS is a complete, self-contained power generation and distribution system integrated within an ISO-standard shipping container. ...
