What is the market of inverters for electric vehicles in Russia?

Market of Inverters for Electric Vehicles in Russia competencies in advanced technical and technological approaches, working out technical solutions and obtaining a product with known characteristics at specific prices. Then, it is necessary to monetize this approach and hone the competencies in the development and production of our own chips.

What is a local inverter market?

The main areas of application are analysed and the local inverter market is investigated, specifically in electric transport, solar and wind power generation, distributed smart power systems, including energy storage systems.

How are inverters decomposed in Russia?

Inverters are decomposed in minute detail, specifically in terms of the critical technologies and an electronic component base that need to be developed in Russia. Creation of advanced modules for inverters in Russia is exemplified with an ongoing project of developing and establishing a production of specialized IGBT modules in MIDABody.

Who are the consumers of converter equipment & inverters?

Such consumers are developers and manufacturers of converter equipment, inverters, which in Russia and in the world face sales problems and fierce competition with global electrical enterprises and corporations, a weak marketing level and a low technical level of their products.

With more than 50 years of experience, Thermotron is a premier worldwide manufacturer of high-performance environmental test chambers and vibration test systems.

Find and discover Inverter manufacturers and suppliers for all products in Russia, featuring details on their shipment activities, trade volumes, trading partners, and more.

Creation of advanced modules for inverters in Russia is exemplified with an ongoing project of developing and establishing a production of specialized IGBT modules in MIDABody.

With a rapidly evolving energy sector in Russia, driven by governmental support for renewable energy initiatives, the importance of each sales channel is increasingly pronounced, ...
