For cell/module pack assembly, PIA Automation offers flexible and highly automated systems for the efficient production of battery cells, modules, and battery packs. These systems are ...

The Bluesun 20-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and advanced protection systems. It also ...

We offer modular and flexible solutions to cover many fields, such as energy storage systems of research and development machines, as well as complete assembly lines for module and ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

Shades like the LZY-MS1 Sliding Mobile Solar Container are deployed in less than 15 minutes by one person, deploy rolled-out PV panels on telescoping tracks and ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Learn how we design, build and manufacture custom equipment for processing, handling and inspecting batteries, fuel cells, and solar cells

The system consists of battery system and energy conversion system. The battery system includes lithium iron phosphate battery module, battery ...
