We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential ...

Solar energy containers encapsulate cutting-edge technology designed to capture and convert sunlight into usable electricity, particularly in remote or off-grid locations. ...

The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

A shipping container solar system is a modular, portable power station built inside a standard steel container. A Higher Wire system includes solar panels, a lithium iron phosphate ...

Essentially, a solar shipping container has a complete photovoltaic (PV) array, battery bank, inverters, and control electronics housed within an ISO-standard shipping ...

Learn about the benefits of solar container homes and how they provide reliable off-grid energy through modular energy storage, hybrid energy compatibility and rapid deployment.
