Where to buy wholesale solar panels?

If you are looking for a place to buy wholesale solar panels, you've found it. A1 SolarStore offers PV modules from all over the world for competitive prices and with fast delivery. Let us tell you a little about the panels that we offer, how we deliver them and what kind of solar panel you might need.

Do wholesale solar panels come on pallets?

Our wholesale solar panels come on pallets, offering you the perfect wholesale solar panel solution for larger projects or resellers. Whether you're outfitting a commercial property or stocking up for a residential install, these pallets of solar panels provide high-quality performance at unbeatable prices.

How big are solar panels?

They often have 66/132 cells and their dimensions vary from 39 x 71 to 39 x 77 inches. The majority of home solar systems are installed on the roof. It's only natural: homeowners rarely use roof space for anything else. Larger systems are often ground-based, since massive energy production with powerful wholesale solar panels is a priority.

Which high power solar panels should you buy?

When it comes to commercial and industrial systems, customers tend to go for wholesale high power solar panels. 500 watt panels or even more powerful ones is a common thing in large solar projects and solar farms.
