Instead of storing electrons like a lithium-ion cell, it stores "cold" in phase-change materials (PCMs), ice, or other media. That stored cold can then reduce compressor run-time ...

The short answer is no. Colds are caused by viruses, so you can't catch a cold from going outside with wet hair. And wet hair won't make you more attractive to germs. The ...

Sick with a a cold, flu or other respiratory virus? Learn some home management tips from a Mayo Clinic family medicine physician.

Low-GWP and natural refrigeration compressors, condensing units and advanced cold chain technology deliver superior efficiency, precise control and performance reliability.

There"s no cure for the common cold. Treatment may include pain relievers and cold remedies available without a prescription, such as decongestants. Unlike COVID-19, a ...

When you are outdoors, the enormous volume of air dilutes the particles and carries them away. Please set your mind at ease, walking outdoors with a cold, or opening ...

Cold remedies are almost as common as the common cold. But do they work? Nothing can cure a cold, which is caused by germs called viruses. But some remedies might ...

Low-GWP and natural refrigeration compressors, condensing units and advanced cold chain technology deliver superior efficiency, precise ...
