With strong R& D competence and technology development, we can provide you high quality and updated fixed circuit breaker and ...

Special configuration of operating contacts in circuit-breaker vacuum chambers and axial magnetic field during arc breaking provide maximum ...

50,000 CO operations at rated current and 100 full rated short-circuit operations without any maintenance make it the most reliable circuit breaker on the market.

PT handcart vacuum circuit breakers deliver reliable fault current interruption in diverse applications. Their adaptable design ensures efficient operation ...

PT handcart vacuum circuit breakers deliver reliable fault current interruption in diverse applications. Their adaptable design ensures efficient operation and safe electrical protection. ...

Metal-enclosed switchgear is designed for 50 Hz three-phase AC electric power distribution with rated voltage up to 40,5 kV. It is used mainly at the ...

DC switchgears include components from world-leading manufacturers with high switching capacity, high dynamic resistance to short-circuit currents, and sufficient mechanical durability.

With strong R& D competence and technology development, we can provide you high quality and updated fixed circuit breaker and withdrawable circuit breaker with good price.
